Research interest

Područje istraživačkog interesa

The candidate's research interest is related to the impact of the socio-political situation on illegal urbanization, ie the lack of urbanization in BiH cities, with a special emphasis on Sarajevo as the capital city where the inflow / migration of the population is the largest and ultimately with the most illegal construction. Although illegal construction in Sarajevo started before the aggression in BiH, the focus of the candidate's research is the period after the aggression in BiH, when a large part of the population either died or emigrated to allow new migrations. Rapid rise in the population in cities is a feature of such post-war situations, where the rural population inhabits urban centers in search of better prospects for the future. Due to the increased number of inhabitants, the demand for new housing spaces is growing, causing urbanization, which is an illegal construction that the authorities should regulate with legal norms. To understand this situation, we first need to look for

causes in the social and political reasons that have led to this situation. Such spontaneous and uncontrolled urbanization has many problems without taking into account the lack of aesthetic value of the buildings themselves or the lack of technical and social infrastructure. It consists of a lack of standards and safety regulations: blocking roads, inadequate load-bearing walls or adding floors to the existing structure.

PROPOSAL AND RATIONALE **PRIJEDLOG I OBRAZLOŽENJE**

After thorough review and assessment of submitted documents and academic works the Committee has concluded the following:

Komisija je imala zadatak da predloži kandidata za izbor u zvanje na osnovu procjene umjetničkog rada i publikacija. Nakon detaljnog pregleda i procjene dostavljenih dokumenata i radova, Komisija donosi sljedeće zaključak:*

For this reason, we are proposing to the Council of the Faculty of Engineering and Natural Sciences, **THE REAPPOINTMENT OF LEJLA KRIVOŠIĆ INTO THE TITLE OF ASSISTANT PROFESSOR FOR THE ARTISTIC AREA OF "ARCHITECTURE,"** at the Faculty of Engineering and Natural Sciences, International University of Sarajevo.

*U skladu sa Zakonom o visokom obrazovanju ("Službene novine Kantona Sarajevo", broj 33/17, 35/20, 40/20 i 39/21), Komisija smatra da je aplikacija **Lejle Krivošić**, potpuna i blagovremena, te da ispunjava sve formalno-pravne i akademske uslove za ponovno imenovanje u umjetničko-nastavno zvanje docent.
